ANY
SECRET
MESSAGES
WHILE I
WAS OUT?

Just so everyone is clear ...
I am going to put my
glasses on.

I used to be addicted to
the Hokey Pokey, but I
turned myself around.

I Keep hearing music coming
from the printer. I think the
printer is jamming.

Did you hear about the
mathematician who's afraid
of negative numbers?
He will stop at nothing to
avoid them.

People call me self-
centered ...
But that's enough about
them.

A small boy was at the
zoo with his father. He was
telling him how ferocious the
tigers were.

"Daddy, if the tigers got out
and ate you up..."
"Yes, son?" the father asked,
ready to console him.
"...Which bus would I take
home?"

I'm told I'm redundant. I
also repeat myself.

Both sides of our family
turned out for my wife's
college graduation. After the
dean finished awarding all
the diplomas, he said, "Will
all the 'cum laudes' please
stand up?"

My mother-in-law leaned
over and whispered, "Wow!
The Cum Laude family sure
has a lot of kids!"

I was on a date with this
really great lady.
Well, it wasn't really a
date-date; more like we
ate dinner and saw a movie
together.
Then the plane landed.

Grandpa always said when
one door closes, another one
opens ...
Great man, horrible cabinet
maker.

MURPHY'S LAW

Law of Mechanical Repair—
After your hands become
coated with grease, your nose
will begin to itch, and you'll
have to use the bathroom.

Law of Gravity—Any tool, nut,
bolt, screw, when dropped,
will roll to the least accessible
place in the universe.

Law of Probability—The
probability of being watched
is directly proportional to the
stupidity of your act.

Law of Random Numbers—If
you dial a wrong number,
you never get their voicemail;
someone always answers.

Variation Law—If you change
lines (or traffic lanes), the one
you were in will always move
faster than the one you are
in now.

Law of the Bath—When the
body is fully immersed in
water, the doorbell rings.

Law of Close Encounters—
The probability of meeting
someone you know
INCREASES dramatically when
you are with someone you
don't want to be seen with.

Law of the Result—When you
try to prove to someone that a
machine doesn't work, it does!
